

Rotaid WALL CABINETS FOR THE HeartSave FAMILY

AED WALL CABINETS Rotaid PLUS FOR INDOOR USE

The Rotaid can be opened easily, quickly and intuitively with a simple rotary motion. The cover is tethered to the back of the Rotaid and therefore will not get in the way in case the device has to be used. The first responder immediately has complete access to the AED.

FEATURES Rotaid PLUS

- ▶ 100% polycarbonate with a thickness of 5 mm for solid protection from water and dust
- ▶ A cover with UV filter provides protection from direct and indirect sunlight.
- ▶ The Rotaid Plus can optionally be equipped with a visible and acoustic alarm (85 dB)
- ▶ Dimensions: 47 cm x 47 cm x 18 cm
- ▶ Weight: 2.1 kg
- ▶ Protection class IK10 (Impact)
